# SAFETY DATA SHEET

According to GB CLP Regulation Printed on01 Oct 2026
Code Number DEV-53221
Version 1 Revised 01/10/2026 15:38:53

## Section 1: Identification of the substance/mixture and of the company/undertaking

### 1.1 Product Identifier

| | |
|---|---|
| Product Name | AUTUMN GLOW 100% |
| Code Number | DEV-53221 |
| Alternative Name | |
| UK REACH Registration Number | Not registered |

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Concentrated material for manufacturing purposes only

### 1.3 Details of the supplier of the safety data sheet

Violets Ventures
Aromatherapy
156 Prince Albert Square
Redhill,
Surrey
RH1 5AP

| | |
|---|---|
| Telephone Number | 07545078844 |
| Email Address | Violetsventures@yahoo.com |

### 1.4 Emergency Telephone Number

Emergency No. 07545078844

## Section 2: Hazard Identification

### 2.1 Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008

Flam. Liq. 3;H226
Asp. Tox. 1;H304
Skin. Irrit. 2;H315
Skin Sens. 1A;H317
Eye Irrit. 2;H319
Aquatic Chronic 2;H411

Refer to section 16 for the wording of listed classification and hazard statement codes

### 2.2 Label elements

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

GB CLP: classification according to Regulation (EC) No 1272/2008

Hazard Pictograms

Signal Word Danger

Hazard Statements

| | |
|---|---|
| H226 | Flammable liquid and vapour |
| H304 | May be fatal if swallowed and enters airways |
| H315 | Causes skin irritation |
| H317 | May cause an allergic skin reaction |
| H319 | Causes serious eye irritation |
| H411 | Toxic to aquatic life with long lasting effects |

Precautionary Statements

| | |
|---|---|
| P273 | Avoid release to the environment. |
| P301+P310 | IF SWALLOWED: Immediately call a POISON CENTRE. |
| P302+P352 | IF ON SKIN: Wash with plenty of water. |
| P305+P351+P338 | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| P331 | Do NOT induce vomiting. |
| P333+P313 | If skin irritation or rash occurs: Get medical advice. |
| P337+P313 | If eye irritation persists: Get medical attention. |
| P362+P364 | Take off contaminated clothing and wash it before reuse. |
| P391 | Collect spillage. |
| P501 | Dispose of contents/container to approved disposal site, in accordance with local regulations. |

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

## 2.3 Other Hazards

Contains Benzyl Benzoate, Benzyl Salicylate, Cinnamal, Cinnamyl Alcohol, Citral, Coumarin, Eugenol, Eugenyl Acetate, Geraniol, Isoeugenol, Limonene, Linalool, Pinene and Terpineol which may produce an allergic reaction

This mixture does not contain any substances that are assessed to be a PBT or a vPvB. No further information available at this time

## Section 3: Composition / information on ingredients

Any percentage values listed here for hazardous components are for illustrative purposes only

## 3.2 Mixtures

Complex mixture of fragrance ingredients

Hazardous components

| ID Numbers | Chemical Name, Classification and Hazards | Conc. (%)SCL / M-Factor | ATE |

Refer to section 16 for the wording of listed classification and hazard statement codes

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

Section 4: First Aid measures

Take phrases in section 2 into account

4.1 Description of first aid measures

After inhalation

Remove from the exposure area to fresh air. Contact a doctor if necessary.

After skin contact

Remove contaminated clothing. Wash thoroughly with soap and water. Seek medical advice if irritation persists or there is any sign of tissue damage.

After eye contact

Flush with plenty of water and seek medical advice if necessary.

After ingestion

Wash mouth with plenty of water and obtain medical advice immediately.

4.2 Most important symptoms and effects, both acute and delayed

No further information available at this time

4.3 Indication of immediate medical attention and special treatment needed

No further information available at this time

Section 5: Fire-fighting measures

5.1 Extinguishing Media

Carbon dioxide, foam or dry powder.
DO NOT USE A DIRECT WATER JET.

5.2 Special hazards arising from the substance or mixture

May produce Carbon dioxide and unidentified organic compounds.

5.3 Advice for fire-fighters

Wear protective clothing and avoid inhalation of vapours. Keep containers cool with water spray

Section 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Remove all sources of ignition.
Avoid inhalation, skin and eye contact.
Ensure proper ventilation.

6.2 Environmental precautions

Do not discharge directly into drains or the soil. Keep away from surface and ground water

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

6.3 Methods and material for containment and cleaning up

Soak up spillage with sand or other inert absorbant material such as earth or vemiculite; transfer used material to a suitable waste container and dispose in accordance with regulations.

6.4 Reference to other sections

Refer to information in Sections 7, 8 and 13

## Section 7: Handling and storage

7.1 Precautions for safe handling

Maintain good occupational and personal hygiene. Avoid inhalation and contact with skin and eyes.

7.2 Conditions for safe storage, including any incompatibilities

Store in tightly sealed original containers away from ignition sources and in a cool place.

7.3 Specific end uses

No further information available

## Section 8: Exposure controls / personal protection

8.1 Control Parameters

No information

8.2 Exposure controls

Engineering controls

No information

Individual protection measures

Refer to Section 5 for specific fire / chemical personal protective equipment advice.

Always wash routinely before breaks, meals and at the end of the work period.

Eye / face protection

Wear safety goggles.

Hand protection

Wear chemically resistant disposable gloves.

Other skin protection

Wear overalls. Always wash routinely before breaks, meals and at the end of the work period.

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

Respiratory protection

Not generally required. Use inhalation protection in poorly ventilated areas

Thermal hazards

No information

Environmental exposure controls

No information

## Section 9: Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

Flash Point (°C) 48

Physical state

### 9.2 Other information

Information with regard to physical hazard classes

No further information available

Other safety characteristics

No further information available

## Section 10: Stability and reactivity

### 10.1 Reactivity

Not determined

### 10.2 Chemical Stability

Not determined

### 10.3 Possibility of hazardous reactions

Not determined

### 10.4 Conditions to avoid

Extreme temperatures

### 10.5 Incompatible materials

Highly reactive chemicals which may produce unknown reaction products and so cause additional hazards.

### 10.6 Hazardous decomposition products

Not determined

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

Section 11: Toxicological information

11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

Acute toxicity

| | |
|---|---|
| Benzyl benzoate (Phenylmethyl benzoate) CAS: 120-51-4 | LD50(oral): 1500 mg/kg LD50(dermal): Not applicable LC50(inhalation): Not applicable |
| Cinnamic alcohol (Cinnamyl alcohol) (Styryl alcohol) CAS: 104-54-1 | ATE(oral): 500 mg/kg LD50(dermal): Not applicable LC50(inhalation): Not applicable |
| Cinnamic aldehyde (3-Phenyl-2-propenal) (Cinnamaldehyde) CAS: 104-55-2 | LD50(oral): Not applicable LD50(dermal): 1100 mg/kg LC50(inhalation): Not applicable |
| Coumarin (2H-1-Benzopyran-2-one) CAS: 91-64-5 | LD50(oral): 500 mg/kg LD50(dermal): Not applicable LC50(inhalation): Not applicable |
| Eugenyl acetate CAS: 93-28-7 | LD50(oral): 1670 mg/kg LD50(dermal): Not applicable LC50(inhalation): Not applicable |
| Eugenyl methyl ether (Methyl eugenol) (carc. Cat. 3, muta. Cat. 3) CAS: 93-15-2 | LD50(oral): 810 mg/kg LD50(dermal): Not applicable LC50(inhalation): Not applicable |
| Furfural (carc. Cat. 3) L(T,R23/25)=5%;L(Xn,R20/22-40)=1%,L(R 36/37)=20%,L(R21)=25% CAS: 98-01-1 | LD50(oral): 100 mg/kg LD50(dermal): 1100 mg/kg LC50(inhalation): 1 mg/l |
| Isoeugenol (2-Methoxy-4-propenyl phenol) CAS: 97-54-1 | LD50(oral): 1500 mg/kg LD50(dermal): 1900 mg/kg LC50(inhalation): Not applicable |
| Phenylacetaldehyde (Hyacinthin) CAS: 122-78-1 | LD50(oral): 1550 mg/kg LD50(dermal): Not applicable LC50(inhalation): Not applicable |
| CINNAMON BARK ESSENTIAL OIL FRESHSKIN 100% | LD50(oral): Not applicable LD50(dermal): 1569 mg/kg LC50(inhalation): Not applicable |

Skin corrosion / irritation

No data

Serious eye damage / irritation

No data

Respiratory or skin sensitisation

No data

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

Germ cell mutagenicity
No data

Carcinogenicity
No data

Reproductive toxicity
No data

Specific Target Organ - single exposure
No data

Specific Target Organ - repeated exposure
No data

Aspiration hazard
No data

Information on likely routes of exposure
No data

Symptoms related to the physical, chemical and toxicological characteristics
No data

Delayed and immediate effects as well as chronic effects from short and long-term exposure
No data

Interactive effects
No data

11.2 Information on other hazards

Endocrine disrupting properties
No data

Other information
No data

Section 12: Ecological information

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

12.1 Toxicity

No data available. Avoid soil, surface water and water-bearing stratum contamination.

12.2 Persistence and degradability

No data

12.3 Bioaccumulative potential

No data

12.4 Mobility in soil

No data

12.5 Results of PBT and vPvB assessment

This mixture does not contain any substances that are assessed to be a PBT or a vPvB.

12.6 Endocrine disrupting properties

No data

12.7 Other adverse effects

No data available

12.8 Additional information

No data

Section 13: Disposal considerations

Please refer to the information in section 8 (Exposure controls and personal protection)

13.1 Waste treatment methods

Dispose in accordance with the law and local regulations. Treat as trade effluent.

Section 14: Transport information

14.1 UN number or ID number Unknown

14.2 UN proper shipping name

14.3 Transport hazard class(es)

14.4 Packing group

Tunnel Code

14.5 Environmental Hazards

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

No relevant information available

14.6 Special precautions for user

No relevant information available

14.7 Maritime transport in bulk according to IMO instruments

Not applicable

Section 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

No relevant information available at this time

15.2 Chemical safety assessment

A chemical safety assessment has not been carried out

Section 16: Other information

Full list of precautionary phrases

| | |
|---|---|
| P210 | Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. |
| P241 | Use explosion-proof equipment. |
| P242 | Use only non-sparking tools. |
| P243 | Take precautionary measures against static discharge. |
| P261 | Avoid breathing fumes. |
| P264 | Wash hands thoroughly after handling |
| P272 | Contaminated work clothing should not be allowed out of the workplace. |
| P273 | Avoid release to the environment. |
| P280 | Wear protective gloves and eye protection |
| P301+P310 | IF SWALLOWED: Immediately call a POISON CENTRE. |
| P302+P352 | IF ON SKIN: Wash with plenty of water. |
| P305+P351+P338 | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| P331 | Do NOT induce vomiting. |
| P333+P313 | If skin irritation or rash occurs: Get medical advice. |
| P337+P313 | If eye irritation persists: Get medical attention. |
| P362+P364 | Take off contaminated clothing and wash it before reuse. |
| P391 | Collect spillage. |

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

Wording of any hazard statements listed in section 3

| | |
|---|---|
| H226 | Flammable liquid and vapour |
| H227 | Combustible liquid |
| H228 | Flammable solid |
| H301 | Toxic if swallowed |
| H302 | Harmful if swallowed |
| H303 | May be harmful if swallowed |
| H304 | May be fatal if swallowed and enters airways |
| H312 | Harmful in contact with skin |
| H313 | May be harmful in contact with skin |
| H315 | Causes skin irritation |
| H316 | Causes mild skin irritation |
| H317 | May cause an allergic skin reaction |
| H318 | Causes serious eye damage |
| H319 | Causes serious eye irritation |
| H320 | Causes eye irritation |
| H330 | Fatal if inhaled |
| H335 | May cause respiratory irritation |
| H341 | Suspected of causing genetic defects |
| H351 | Suspected of causing cancer |
| H400 | Very toxic to aquatic life |
| H401 | Toxic to aquatic life |
| H402 | Harmful to aquatic life |
| H410 | Very toxic to aquatic life with long lasting effects |
| H411 | Toxic to aquatic life with long lasting effects |
| H412 | Harmful to aquatic life with long lasting effects |

However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

# AUTUMN GLOW (10% NON HAZARDOUS BASE) (Cinnamic aldehyde, Eugenol, d-Limonene)

Warning: May cause an allergic skin reaction. Harmful to aquatic life with long lasting effects. Avoid release to the environment. IF ON SKIN: Wash with plenty of water. If skin irritation or rash occurs: Get medical advice. Dispose of contents/container to approved disposal site, in accordance with local regulations. Contains Eucalyptol, Linalool, Isoeugenol and alpha-Pinene. May produce an allergic reaction.
